TaLe for TAFE in 2009

TaLe is a web portal for NSW teachers to discover and download quality learning resources. Most TaLe resources have been designed and mapped to TAFE training packages.

With TaLe, teachers can:

- Find and download resources from a number of collections
- Save useful searches and access them from any computer
- Get updates about new resources with RSS feeds
- Learn more about sharing resources
- Access education news and events from NSW, national and international sources
- Join community forums
- Request further help from the TaLe team via Feedback section
