Parents and community

## Learn

## Support

Parents have told TaLe that:  
"I will be able to help my child with project work using resources from Parents and community on the Department's TaLe ... I only just found out about TaLe when I was invited by the Principal to attend an afternoon workshop at our school"

**Olivera Talevska, parent of a Year 1 child at Warrawong Public School**

Parents and carers regularly ask two important questions of teachers:

- What will my child learn?
- How can I help my child learn?

The information on this portal is organised to support parents and carers in the learning process. **Homework help** provides access to hundreds of educational resources and safe websites for learning.

There are links to:

- HSC online
- TAFE NSW
- Post-school pathways
- Parent organisations.

Other features include:

- a *jargon buster* to explain education terminology in plain English
- news and events.
